## ACKNOWLEDGEMENTS

Manitoba Conservation acknowledges the assistance provided by the Royal Canadian Mounted Police who provided information for this Firearm Incidents Report. It is through this organization that detailed information on each firearm incident was obtained. This report does not necessarily include all firearm incidents in the province as we can only report on those incidents we receive information for.

NOTE: This report does not cover firearm incidents within the cities of Brandon or Winnipeg.

Prepared by

Winnipeg MB R3H 0W7  
633- Hunt (4868) or  
1-877-633-Hun

## SUMMARY

During 2008, there were four reported firearm-related incidents.

Two of the incidents were self-inflicted. Three of the incidents were fatal. One of the incidents involved a shooter less than 18 years of age.

All of the reported incidents were related to hunting. Three of the reported incidents occurred during a licenced hunting season.

Three of the reported incidents occurred at a distance of less than ten yards. One of the reported incidents occurred at a distance of less than fifty yards. Of the reported incidents, one involved a graduate of a Hunter Safety Program.

There were 3,130 students that completed the Manitoba Hunter and Firearm Safety course in 2008. 154,644 students have now graduated from the program since it began in 1964. Of the total, 169 have later become involved in a firearm incident, which represents 0.11%. In 2008, 13 new instructors were certified, bringing the total number of volunteers to approximately 230 active instructors.

In 1998 Manitoba Conservation entered into an agreement with the Manitoba Wildlife Federation (MWF). The agreement transferred the administration and delivery of the Manitoba Hunter and Firearm Safety Training Program to the MWF.

### CAUSE OF INCIDENTS

	<u>2007</u>	<u>2008</u>
